Sodium	Act.	7.5%	Cobalt	Act.	5 mg/kg
Magnesium	Act.	2.1%	Iron	Act.	1,000 mg/kg
Potassium	Act.	3.5%	Vitamin A	Min.	175,000 mg/kg
Selenium	Act.	7.5 mg/kg	Vitamin D	Min.	25,000 mg/kg
Zinc	Act.	1,250 mg/kg	Vitamin E	Min.	2,500 mg/kg
Copper	Act.	500 mg/kg	Biotin	Min.	2.5 mg/kg

### FEATURES

- ✓ Balanced Calcium and Phosphorus
- ✓ Salt & Magnesium added
- ✓ Fat & Water Soluble Vitamins (A,D,E and Biotin)
- ✓ Apple-Cinnamon Flavour Added

### BENEFITS

- ✓ Can be used as a mineral supplement to balance mixed grass / legume hays as well as high legume hays
- ✓ Provides optimum electrolyte balance for horses
- ✓ Provides all the vitamins necessary for maintenance, performance and hoof integrity
- ✓ Increases palatability to encourage consumption

### DIRECTIONS FOR USE:

Equiline Horse Vitamin Mineral Macro-Premix is to be combined with grains at a rate of 40 kg per 960 kg of mixed grains or rolled oats (40 grams premix per 960 grams mixed grains or rolled oats) to make a complete feed fortified grain mix for horses. Feed the grain mix at a rate of 0.5% - 1.5% of body weight per day, depending on the level of activity. Always follow feeding directions on the label.

NOTE: This mineral contains added copper – do not feed to sheep or goats.
